Department of Computer Applications

Organizes

## HACKSPHERE

Welcome to Inter-College  
Hackathon Where innovation  
begins.

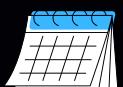

### ABOUT THE HACKATHON

An Inter-College Hackathon aimed at encouraging students to innovate, collaborate, and build impactful solutions using emerging technologies.

Participants will work in teams to solve real-world problems and present their ideas before expert judges. still big

To promote creativity, teamwork, and problem-solving skills among students.

**Knowledge  
finds its  
true value  
when  
applied with  
purpose !**

ON 11-02-2026  
WEDNESDAY

AT SEMINAR HALL-1

# THEMES

01

Artificial  
Intelligence &  
Machine Learning

02

Blockchain  
Technology

03

Cyber Security

04

Green  
Technology

05

AI-Powered  
Healthcare

06

AI Ethics &  
Governance

07

Generative AI  
Applications

08

Defence &  
Military  
Innovations

09

Smart Cities

# CHIEF GUEST
